Home-Based Private Educational Program

DPI Website: https://sms.dpi.wi.gov/sms_homeb

State Statute Section 3312, s.118.57 states that the School Board's Notice of Education Options must include the most recent school accountability performance category assigned to each school within the district's boundaries, including public, independent charter and private choice schools; and inform parents that the full school district accountability report is available on the district website.

School Report Card: 2015-16

School and district report cards for the 2015-16 school year will be released in Fall 2016.

The 2015-16 school year was another transition year for state assessments, and

likewise, a transition year for school accountability. Some aspects of the report cards will

change and some aspects are new to the accountability system. Some changes include

new Choice Pupil Report Cards, a 5-star rating designation, and a new weighting

scheme based on the percentage of economically disadvantaged students in the school

and district.
