Academic Standards

School boards are required by 2015 Wisconsin Act 55 (the state budget bill – section 120.12(13) of the state statutes) to notify the parents/guardians of students enrolled in the school district of the student academic standards that will be in effect for the school year. Boards must provide this notification annually, prior to the beginning of the school term. The school board must annually include an item on the agenda of the first school board meeting of the school year (the first board meeting after July 1) that clearly identifies the student academic standards adopted by the board under section 118.30(1g)(a)1 of the state statutes that will be in effect for the school year. The Board took action on May 18, 1998 to adopt the Wisconsin Academic Standards in the areas of mathematics, science, reading, geography, and history as such standards existed on June 30, 2015. The standards adopted by the board can be found at the following website: http://dpi.wi.gov/standards
